- Offered with three trim options to finish the look
- Featuring solid core construction

CLASSIC CURVES SHOWN IN THE CREMONA DESIGN

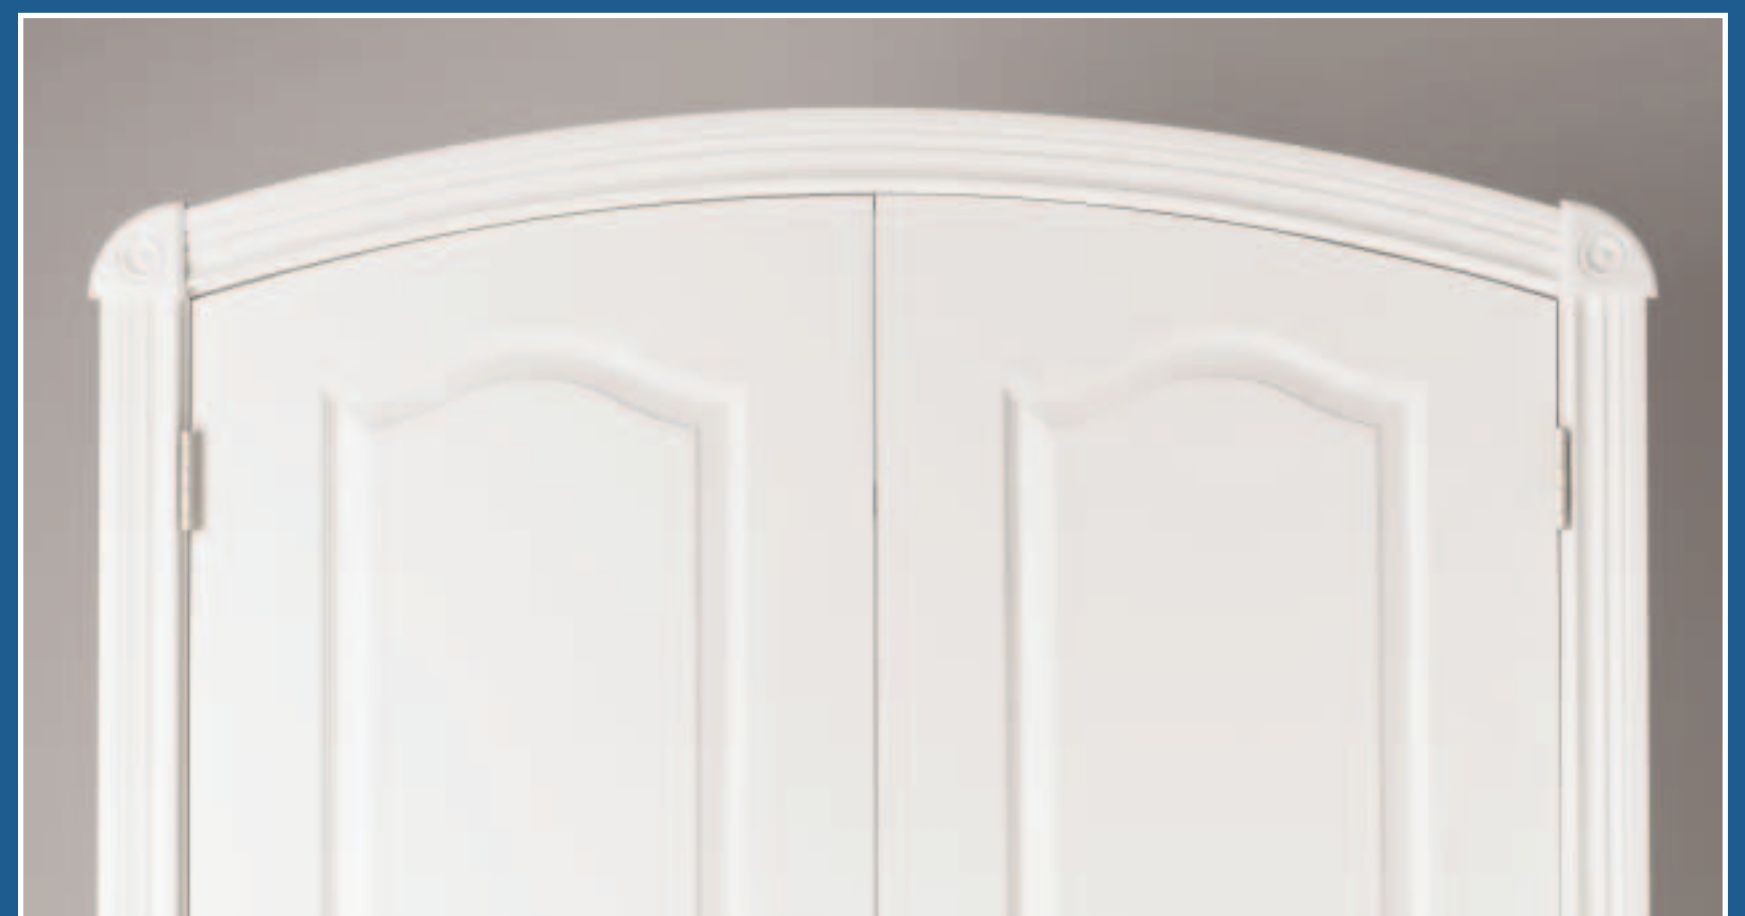

The arched casing molding offers a traditional mitered look and matches the arched casing with the side trim.

CLASSIC CURVES SHOWN IN THE CAIMAN DESIGN

Shown on the display, the universal header adapts any Classic Curve door for a standard rectangular opening. The classic design matches any of the popular trim options available on the market today.

CLASSIC CURVES SHOWN IN THE CREMONA DESIGN

The decorative transition block provides a stylish break, allowing use of the arched casing profile or any other profile desired.
